Lightnight Safe Locations: Athletic Training Room C120 or High School Gymnasium

PROCEDURE: The EAP should be initiated when a member on scene recognizes an emergent, serious or life threatening situation. If the athletic trainer isn't present the coach takes initial responsibility for emergency care.

1. Assess the situation and determine the need for further assistance, if necessary, designate someone to call to the **Local Millbury Dispatch Number: (1) 508-865-3521** or 911
2. The most experienced medical personnel on the scene identifies task of specific Emergency Response Team members (treating the victim, meeting EMS upon arrival, have someone wait at G1 for ambulance and if blocked find another path, secure the emergency scene, keep students/staff away from area, clear scene of all but essential personnel)
3. The athletic trainer or medical personnel will administer appropriate first aid procedures to the victim while they wait for EMS to arrive. CPR/AED protocols will be initiated if deemed necessary. AEDs are located:
 - On field- each coach should have their assigned AED at all practices and games
 - Central Office- (1) entry way
 - Millbury Jr./Sr. High School- (1) front hallway, near teacher's room and gym; (2) outside the Media center; (3) main lobby of the jr. high; (4) soon to be located on the second floor at the catwalk
4. Upon the arrival of EMS, a member of the Emergency Personnel will communicate all known details of the medical emergency and explain any specific treatment given to the victim. EMS shall take charge of the situation.
5. The victim's emergency contact information should be obtained by the coach, athletic trainer or the athletic director. Then a designated member of the Emergency Response Team will contact the person's parent/guardian/family member.
6. Consult with athletic trainer about filling out incident report
